

**ARANSAS COUNTY APPRAISAL DISTRICT**

**ADDENDUM #1**

**April 30, 2019**

**Request for Bids  
for  
Construction Services  
for the  
Roof Replacement Project at the  
Aransas County Appraisal District Offices**

Prospective Bidder,

Aransas County Appraisal District received the following questions from prospective bidders. The answers to each question are included below.

**Question:** We are preparing our bid paperwork for the roof replacement project but had some questions about the type of documentation that is being requested. One section says that we must include written financial data, could you please specify what exactly you are looking for so that we are able to provide the correct information.

**Answer:** Financial data is requested so bidders can demonstrate financial capability to perform the work and ability to obtain the required bid bond, payment bond, and performance bond. Aransas CAD requests relevant financial data available to each bidder to demonstrate its qualifications.

**Question:** We have a basic bid schedule template that we use to submit our quotes-- is this okay to use or do you have a specific template that you require?

**Answer:** Prospective bidders may use any bid schedule template to submit their bid, as long as the bid template clearly outlines the total cost to perform the work, and the breakdown of sub-costs that constitute the total cost to perform the work.
